Campaign Spending: [List of Filers](#)

With your encouragement, I'm pleased to seek re-election as your Representative from the State House 3rd District. My freshman term of office has allowed me to work for you with my colleagues at the legislature.

A Life-Long Big Island Resident: From my early days in the plantation camp of Kalaoa Mauka near Papaikou, to my present residency in Waiakea where I've raised two sons. Ashley and Ryan Kalei, I am intimately familiar with the issues facing residents of the Big Island. My 30-year banking career enforces my belief that both business and our working men and women can work together.

Invasive Species and The Environment: I will continue community collaboration to significantly step up research, eradication, and control of coqui frogs, miconia, and other imported pests.

Education: I believe that public education should be focused on what's best for the students and what it takes to develop and support lifetime learning. This includes Hawaii Community College and UH-Hilo.

Medical Care: I will continue lobbying to improve health services and facilities at Hilo Medical Center, Including the improvement of the Emergency Department and the completion of Veterans Care Home.

County Partnerships: I will continue to work closely with Hawaii County's senior services, recycling, transportation, "ice" and substance abuse, and diversified agriculture programs.

OPEN DOOR, OPEN MIND: Most important to the voters of District 3 and the Big Island is my commitment to represent them with wisdom and knowledge-always striving for solid results. It's all about working together!
